What is the reason you come out to First Christian Church? In the August 11 issue of "Christian Century"

Lydie Raschka talks about the practice of her husband who adopted a spot in New York City as his own. She tells that he goes to this spot to sit and read and relax, how he cleans up the area regularly, even though it is not the nicest of locations. She also talks about the little run down church they started to attend and how their commitment and efforts have brought new life to this old church.

What brings you to the corner of Houston Road and Birch Street? Do you see this corner as a special place for you? Do you want to commit your energy and time to seeing it have an impact on the lives of others? Now the challenge is to articulate what brings you to First Christian Church. Write it down, create a story, put it into words that can be shared. This is how we tell our story and attract others to our little corner of Warner Robins.

If you are willing, these stories and reasons can be shared through this newsletter in future months. One of the biggest problems faced by the Christian Church (Disciples of Christ) is that in spite of having something truly needed in today's world, very few in the church tell the story. Until we can put the story into our own words and make it personal many people will see it only as a practiced and commercial promotion. Our community needs personal relationships, not generic promotions.

One of the strengths of our church is a sense of family. Family is about relationship, interaction and acceptance. Corporate ads and stories have less impact than personal stories to touch people.

Sit down and start writing out your story, make it as long or as short as you think it needs to be. Then sit back and read it and think about how someone who does not know First Christian would hear this story. The next step is the biggest part of the challenge; starting to tell the story to people you know. Let them know why you go to church, what church does for you, what God has done for you through the church. Make the story come to life in your own life and in this church.

Shalom, *Darrell*

## FUND OF THE MONTH

By: Chris Rogers

## COMPUTER FUND

This month, we turn our attention to one word...Technology. Since our church began 52 years ago, technology has certainly come a long way. We've gone from using typewriters and computers taking up whole classrooms, to personal laptops and desktops that take up no more space than a notebook. As technology changes so does the technology available to our church. That is why, back in 1995, another new fund was proposed, and it was The Computer Fund.

The Computer Fund was created to meet the computing needs of the church through the acquisition, maintenance, and upgrade

of hardware and software as well as through services. It was proposed to be a permanent fund and was submitted to the board for approval on July 10, 1995 and was passed.

Thanks to your donated dollars, the Computer Fund really took off. We have new computers and other technology, but more recently, the Computer Fund has not seen much action.

Please put on your checks, "Computer Fund" so we can continue to update the technology of our church.

## Tips That Will Bring You A

### Beautiful Day

### Enjoy the Ride

- Take a 10-30 minute walk every day and while you walk, smile.
- Sit in silence for at least 10 minutes each day.
- When you wake up in the morning complete the following statement, "My purpose today is to do \_\_\_\_\_ today".
- Live with the 3 E's... Energy, Enthusiasm, Empathy, and the 3 F's...Faith, Family, Friends.
- Spent more time with people over seventy and under the age of six.
- Dream more while you are awake.
- Try to make at least three people smile each day.
- Realize that life is a school and you are here to learn. Problems are simply part of life that appear and fade away like algebra class, but the lessons you learn will last a lifetime.
- Smile and laugh more. It will keep the energy vampires away.
- Life isn't fair, but it is still good.
- Don't take yourself too seriously. No one else does.
- You don't have to win every argument. Agree to disagreements.  
More tips continued on back page.

## Tips That Will Bring You a Beautiful Day

- Your job won't take care of you when you are sick. Your friends will stay in touch.
- Get rid of anything that isn't useful, beautiful or joyful.
- Believe...The best is yet to come.
- No matter how you feel, get up, dress up and show up.
- Do the right thing.
- Call your family often.
- Forgive everyone for everything.
- However good or bad a situation is; it will change.
- Time will heal almost everything. Give time...time.
- Make peace with the past, so it won't mess up the present.
- Don't compare your life with other's lives. You have no idea what their journey is all about.
- Each night before you go to bed, complete the following statement: "I am thankful for\_\_\_\_\_" and "Today I accomplished \_\_\_\_\_."
- Remember you are too blessed to be stressed.
- Enjoy the ride. Remember this is not Disney World and you certainly don't want a fast pass. Make the most of it and enjoy the ride.
